

WHERE

Is Kuropatkin's Now Famous Rear Guard

IS THE QUESTION STIRRING ALL RUSSIA

Conflicting Reports are Being Received Hourly.

RETREAT SATISFACTORILY MADE

Is One, While Another Says Comman- der-in-Chief Does Not Know Whereabouts.

St. Petersburg, Sept. 9.—Fears are again expressed for the safety of General Kuropatkin's rear guard. The commander-in-chief reported them safe at Mukden yesterday, but it is now stated in high circles that Kuropatkin evidently has no information as to their whereabouts.

Is Kuropatkin Safe?

St. Petersburg, Sept. 9.—A dispatch from Mukden says the Japanese have crossed the Shakhe and are now resting. Only the Russian and Japanese outposts are in direct contact. Thousands of wounded are being sent north. Kuropatkin's retreat has been satisfactorily accomplished.

The Russian-Chinese bank has been closed and the civil authorities are preparing to leave.

St. Petersburg, Sept. 9.—In a delayed communication from a Russian correspondent with General Kuropatkin is a graphic description of the battle at Liao Yang, from which the following paragraphs are taken:

"Only the Russian soldiers' traditional splendid qualities enabled them to support the terrible conditions, of which the lack of sleep was the most unbearable. The Japanese availed themselves to the utmost of rain and darkness and did not cease fighting, their night attacks testing Russian endurance severely. The Japanese suffered terribly, but made light of their losses. They continually drafted fresh reserves into the ranks to replace the worn-out men.

"Indeed the numerical superiority of the Japanese is astounding and incomprehensible, for after losing enough men at Port Arthur and elsewhere to form a perfect army their effective strength appears only to increase, and they still are concentrating fresh bodies of troops on the Liao river.

"The battlefield was a perfect hell. General Stakelberg was wounded, but, despite death, he remained immovable at his post throughout the day, regardless of the rain of shot around him. Several officers of his staff were killed or wounded. In the evening General Stakelberg informed General Kuropatkin that he could hold the position or take the offensive if necessary.

"Among the incidents of the day was the slaughter of two Japanese battalions, which were pursued through the Chinese corn and grain to Saitza and surrounded by the Russians. They resolutely refused to accept quarter, preferring death.

"In another part of the field the Japanese shelled and captured by assault one of the Russian trenches, only to find too late that it had been abandoned by the Russians and occupied by their comrades. They fell on the prostrate bodies and flooded them with tears.

"In one case a party of Japanese officers found a body of their men retiring in disorder, and drove them back to the battlefield at the point of the sword.

"The Russian frontier guards died at their posts, refusing to surrender. It was the anniversary of the creation of their regiment, which they had celebrated the previous night. They lost a large proportion of their officers. At many points the combatants stoned each other.

"The pits which the Russians had dug in the Chinese corn and the grass were filled with Japanese corpses, which were trodden over by their comrades. The ground was so thickly strewn with bodies in one fight that the Japanese raised a white flag and sought permission to bury their dead, but this was refused. The air became polluted with the stench.

"The Russian evacuation of the forts and entrenchments was carried out without loss. The troops crossed the river on pontoon and railway

bridges in perfect order and safety, burning the bridges after them."

Will Reorganize Russian Forces.
St. Petersburg, Sept. 9.—Beside the formation of two fresh army corps, as the first answer to the Japanese success at Liao Yang, the Russian army at the front will be reorganized, probably in the form of two armies, in command of General Linevich and General Baron Kaulbars respectively, with General Kuropatkin as commander-in-chief. General Kaulbars will go out with the army corps now organizing in the governments of Kazan, Odessa, Vilna and Kiev. General Linevich has been ordered by telegram from Vladivostok to Mukden. This decision is due in part, doubtless, to the growing unwieldiness of the big force of General Kuropatkin's command, which will be largely increased by constant reinforcements.

MINE EXPLODED.
Japanese Force Marching at Night Is Almost Annihilated.

Chefoo, Sept. 9.—The explosion of a land mine caused a frightful disaster to a Japanese force of 700 men who were marching during the night on a road in the valley between Long hill and Division hill. The mine was carefully laid by the Russians three weeks ago. It covered nearly a mile of available marching space. The explosive was placed at the bottom. Rocks were placed next, and on top of these clay was packed so carefully that the ground gave the impression of not having been disturbed. The indications of Japanese activity in this vicinity put the Russians on guard. Near midnight the outposts rushed in and reported that the Japanese were approaching. The Russians withheld their fire for some time. Suddenly they threw a searchlight up the valley. The Japanese opened with a rifle fire. The Russians waited until apparently the whole Japanese column was in the danger zone. Then the mine was exploded. The force of the explosion knocked a number of Japanese down, and the sight of Japanese rifles, water bottles, legs and arms hurrying through the lighted space made by the searchlight was an awful spectacle. Some rocks landed inside the Russian lines. There was one appalling moment, during which the garrison itself was stunned, then a deathlike silence. The searchlight, lighted up the road and hillsides, strewn with dead. The following day the Russians buried the dead, but owing to their dismembered and mutilated condition the Russians were unable accurately to estimate the number of killed. A few Japanese escaped, however.

The foregoing information is contained in a small sheet issued Sept. 3 by the Port Arthur Novakral, a breakage in the press having made it impossible to issue a full edition.

A Chinese arriving here confirms the above report to the extent of saying that he heard a report that many Japanese had been killed by a mine, but he did not learn the details. On the nights of Aug. 26 and 27 a similar disaster befell the Japanese near Redoubt No. 2, it is reported, but no details have been ascertained.

Captain Wren Promoted.
St. Petersburg, Sept. 9.—By an imperial decree Captain Wren, commander of the cruiser Bayan, who, it has been reported, is to replace Rear Admiral Prince Ouktomsky in command of the Port Arthur squadron, is promoted to the rank of rear admiral.

Leaving Mukden.
Mukden, Sept. 9.—The terrible rains hinder the movements of both armies, but there is an interesting movement toward Tie pass, north of Mukden.

Kuropatkin to Resign.
St. Petersburg, Sept. 9.—A report is current here that General Kuropatkin broken down by the strain of the campaign and harassed by the jealousies of subordinates and those over him in authority, has asked to be relieved of his command.

Cowherd is Confident.

New York, Sept. 6.—Representative Cowherd of Missouri, chairman of the Democratic Congressional committee, called on Chairman Taggart yesterday. He said that the outlook was the very brightest for the control of the House by the Democrats.

"To begin with," said Mr. Cowherd, "we have the most sure districts in most of the doubtful districts things are running our way as far as the action of Congressmen is concerned. If Judge Parker is elected there is no doubt of our control of the House. I see no reason to doubt the election of Judge Parker."

Ordered to Arrest Witness.

Butler, Mo., Sept. 9.—Judge Graves of the circuit court instructed the sheriff of Cole county to proceed to Poplar Bluff and arrest former State Senator James Orchard, an important witness, for failure to appear at Jefferson City on Sept. 5, causing a postponement of the trial of Senator Faris, charged with bribery.

Charged With Murder.

North Vernon, Ind., Sept. 9.—Fred Willman, a wealthy farmer living north of this city, who was arrested Tuesday charged with the murder of Mahlon Wells, had a preliminary hearing before Justice Rash, who, after an examination, held the defendant to the circuit court in \$10,000 bond.

OHIO

CAME IN SECOND AT SEA GIRT SHOOT

In the Most Important Match to Be Decided, the Dryden Trophy Match.

Seagirt, N. J., Sept. 9.—The Dryden trophy match, the most important event of the present meet, was won by the New Jersey team, which surpassed the work of the other competitors at the 1,000-yards range. New Jersey is entitled to hold the Dryden trophy, valued at \$4,000, for one year, and to receive \$150. Ohio will receive second prize, \$100, and the United States marine corps third prize, \$50. The winners were loudly cheered by the rival teams and by the large gathering of spectators.

At the conclusion of the firing at 600 yards, the second of the three stages of the match, the New Jersey team stood fourth, and was 20 points behind the leader, Ohio. At the longest range, however, the Jersey men forged to the front and passed the United States marine corps, the District of Columbia and Ohio, and won the contest with a lead of nine points. During the firing at 600 yards the District of Columbia team jumped from fourth to second place, and for a time was a warm favorite for first honors. But the sharpshooters from the national capital dropped back on the 1,000-yards range. Ohio took the lead at the start and maintained it until passed by New Jersey, near the finish. Maryland was in fifth place from the beginning to the end. At the end of the firing at 200 yards the marine corps was in second place. It then dropped to third and remained there.

It was possible for each team of eight men to score a grand total of 1,200, allowing 400 shots for each team at each distance, or 50 shots for each man at each target.

Proved His Innocence.

London, Sept. 9.—Home Secretary Akers-Douglas has appointed a commission to inquire into the circumstances of the convictions of Adolf Beck, who was convicted in 1896, served one sentence of seven years, and who was again rearrested and convicted, but was granted a "free pardon" when it developed that it had been conclusively proven that both his convictions were founded on mistaken identity. The case has caused a great sensation, especially in view of the re-arrested interest in the Maybrick case, and the charge against the police of conspiracy in order to secure the conviction of an innocent man is freely and openly made. The government has offered Beck as compensation the sum of \$10,000, which he refuses on the ground that it was not sufficient. He demanded a full inquiry, which is backed up by the public and press.

Mimic Warfare.

Corps Headquarters, Gainesville, Va., Sept. 9.—General Grant, commanding the Blue army, has taken up a strong position behind Bull Run. This fact has not yet been ascertained by General Bell, commanding the attacking Brown army. This advance along Wellington pike was harassed just west of Pageland lane by the First brigade of General Grant's army under General Wint. General Bell opposed this force with his First brigade, under General Lee. Taking this as his adversary's center he threw the brigades of Barry, Regan and Smith to the right of Lee, seemingly in an effort to get around what would be the original left wing of the Blue army. When nightfall came this had not been accomplished.

FAIRBANKS IS A FAILURE

Not Meeting Financial Expectations and Funds For Indiana Are Scarce.

Indianapolis, Sept. 9.—The Indiana Republicans have been emphatically turned down by the National committee in the matter of funds for the coming campaign. Chairman Goodrich, of the State committee, wrote to the National committee at Chicago the other day appealing for money. In reply Mr. Goodrich received the following letter:

"It was understood when the Republican National convention handed Senator Fairbanks the vice presidential nomination that the senator would attend to the party's needs in Indiana, and that the National committee would not lose sleep about the financing of the Indiana campaign. This was the understanding with the close friends of Senator Fairbanks, who urged his nomination for the vice presidency upon the friends of President Roosevelt. More than this it was understood that the papers in Indiana controlled by Senator Fairbanks, would give loyal and unstinted support to the administration throughout the campaign and back up Roosevelt unflinchingly."

Senator Fairbanks has not come up to the requirements of the National committee up to the present in the matter of providing the finances for the Indiana campaign. One of the papers he controlled has gone out of existence, and the support of the other is not very strong.

TRAIN

Crashed Through Trestle Friday

AND ELEVEN LIVES WERE SNUFFED OUT

Terrible Wreck on the Sea Board Air Line.

TRAIN PLUNGED INTO RIVER

Officials Say Wreck Was Caused By Removal of Rails By Unknown Persons.

Atlanta, Ga., Sept. 9.—It is now reported that eleven persons lost their lives on an errand. The little boy wreck. Several have been identified.

Portsmouth, Va., Sept. 9.—Information at the office of the president of the Seaboard Air Line here is to the effect that two women passengers and an engineer are dead, and that one engineer, a conductor, a fireman and eight passengers were injured in the wreck of the trains that occurred at the Catawba river, 22 miles south of Monroe, N. C., shortly before 1 o'clock this morning. The name of the engineer who was killed was Barksdale. His home was at Monroe. The names of the others are yet unknown to the officials of the road, as telegraphic communication with the scene of the wreck has been interrupted. According to the advices received train 41, consisting of a mail car, baggage car, two coaches and one sleeper bound from Portsmouth to Atlanta, went through the trestle. The cause of the accident is yet unknown. The train went over the trestle, down the embankment. A light engine and caboose, running as train No. 19 had passed by, No. 41, first north of the trestle. Just after No. 41 went down, perhaps only a few minutes later, train No. 79 ran into the wreck of No. 41. The passengers and crew of the train was taken back to Monroe where physicians were in readiness to render assistance. The general superintendent and the superintendent of the air line were at once dispatched to the scene. The falling of the trestle tore down the telegraph wires and communication is had with difficulty. The engineer of train No. 41 is seriously hurt, the conductor not so seriously. The passengers killed and wounded were on train No. 41. The engineer, Barksdale, who was killed, was on train No. 19. His fireman was badly injured.

MULE

THREW HIS NINE-YEAR-OLD RIDER

And the Lad Was Instantly Killed Near Utica Today—Was on An Errand.

Utica, Sept. 9.—While in the field baling hay today, the nine-year-old son of Mr. Frank Harris was sent to the horse on an errand. The little boy started to the house riding a mule when the animal balked, throwing and almost instantly killing him.

DESPERADOES

Held Up County Treasurer at Pomeroy and Secured \$13,000 in Cash.

Gallipolis, O., Sept. 9.—Officers are here with bloodhounds, on the lookout for two desperadoes who entered the courthouse at Pomeroy and held up the county treasurer, P. J. Case, and secured \$13,000 in cash. The men succeeded in escaping before Pomeroy officers knew what had occurred.

Sheehan is Confident.

Lima, O., Sept. 9.—Joseph B. Mayer, a millionaire capitalist of Buffalo, N. Y., and President of the Lima Light and Street Car company, in an interview on the political situation in New York said:

"I believe, and will place money, that Judge Parker will be elected. I saw Mr. Sheehan a few days ago, and he is very sanguine as to the results. He told me New York was safe for Parker; that he would carry New York, Connecticut, Indiana, West Virginia and all the Southern and doubtful border states. I believe Judge Parker will exceed Cleveland's electoral vote in 1892."

PARKER

SHOWS UP REPUBLICAN EXTRAVAGANCE MOST FORCIBLY

In His Speech Delivered to the Democratic Editors at Esopus Thursday.

The following is the full text of Judge Parker's masterful speech at Esopus on the occasion of the visit of a delegation of Democratic editors: "It is indeed a great pleasure to welcome to Rosemont this body of representatives of the great American press, one of the mighty forces in the upbuilding and strengthening of a sturdy American citizenship. You have been in conference to the end that your work in this campaign may be as effective as possible. Organized effort and concerted action must always increase the effectiveness of the common endeavor of many hands.

"The leaders who have made a thoroughfare through history down which in all the centuries their fame will march with giant strides have all been men who, though unmoved by hasty expression of the hurried judgment of the people were yet guided in all their public acts by the knowledge of what the deliberate and mature judgment and will of the people would be.

"So the great papers are those which anticipate the careful judgment of the majority. The great tribunal of the American people may be implicitly relied on to decide all questions with unerring and exact justice when all the evidence is in, and deliberation had and those who would hold place as leaders of the people must be so thoroughly American, so discreet, so far sighted and so sure of the pulse of the people as to discern the course public opinion will take. Though the instant judgment of the people may be often at fault, the ripe and final decision is always for the right. And the part of leadership is to know the right and to honestly, patriotically, fearlessly and zealously advocate it.

"Just as long as the press can harness and lead the unharnessed and well-considered judgment of the people, so long will its power grow mightily, and so long will it hold its place in the front rank of the unflinching and vigorous march of national progress. To the upbuilding of the power of the press and to the best use of that power you have devoted yourselves.

"There are questions of great import to be passed upon by the people in November, questions that it will be your duty and therefore, I am sure, your pleasure, as well, to present honestly and so clearly that the people will understand them.

"I shall not take up your time, however, with any reference to the great issues upon which our party, through its platform and candidly, confidently appeal to the people for endorsement, but crave your indulgence while I briefly refer to a single feature of the platform of the Republican party:

"That platform opens with a deliberation of that party's many years of control of the government coupled with the assertion that has displayed a high capacity for rule and government, which, has been made even more conspicuous by the incapacity and infirmity of purpose shown by its opponents."

"This challenge to a comparison of Democratic and Republican administrations since the Republican party came into existence should be welcomed. Fortunately, we have eight recent years of Democratic administration of the executive department of the government which we will gladly compare with any similar period since 1860.

"The comparison will show that under Democratic control the administrative purity of the fathers was observed in the conduct of the government; that none of its departments was permeated as of late with corruption rivaling the days of the Star Route frauds; that a successful effort was made to check the growth of expenditures; that it resulted in each instance in cutting down the expenses within the control of the executive department of the government below that of the preceding administration. The comparison will also show that each succeeding Republican administration after 1868 increased expenditures and in some instances so greatly as to indicate reckless extravagance and waste of the people's money."

"During Mr. Cleveland's first term, the average annual expenditure was about two hundred and sixty-nine millions. For the past three years it has been about five hundred and ninety millions. The government expenditures last year amounted up to five hundred and eighty-nine millions, which is not equalled by any year since the Civil war with the exception of the Spanish war. There is an inevitable result to such extravagance. Instead of a surplus in the annual receipts of about eighty millions which the present executive found on assuming con-

trol there is now a deficit to be found there of forty-two millions.

"The limits of this address will not permit a further reference to the cost of administration; but it should receive careful examination at your hands. And you will be convinced that 'reform is necessary,' any, far more necessary than in 1876, 'in the scale of public expense.' And when convinced you will do less than your duty if you fail to make the people understand it.

"The challenge of the Republican platform permits you to compare the details, the everyday life, so to speak, of the Democratic administrations with both predecessor and successor administrations and you will not shrink from it.

"The sturdy honesty, marked ability and thorough devotion to principle of all those in high place during those Democratic administrations may, without justification, be placed alongside of the qualifications of similar officials in any and all other administrations. Who, I pray you, would hesitate to compare the members of the cabinet of those years with the present one, or with any one? Is the name of Bayard, Manning, Fairchild, Endicott, Whitney, Vilas, Dickinson, Garland, members of the 1881 cabinet, and Olney, Carlisle, Launcie, Smith, Francis, Herbert, Russell, Wilson and Harmon, of that of 1892 dwarfed when contrasted with the cabinet officers of today? When the comparison is once completed you will be eager to ask the people which is the better. They will declare the victor in the contest between administrations to be the one which in addition to other excellencies saved many millions a year to the nation.

"Extravagance is running riot in federal, state and municipal governments, in spite of the well directed effort of some excellent officials. The indecision of municipal government are steadily piling up; bond issues are increasing frequent, and the people have not the satisfaction in many instances of a full equivalent in improvements for the money expended. And the federal government is leading in the race of great expenditures. Ever long the people will demand a reform in administrative expenses. And they will do it now if they are made to appreciate the whole truth.

"The Democratic party is not a machine, it is a body of citizens who believe that on the whole its fundamental principles are best adapted to the conduct of the government.

"Among so many patriotic and intelligent men, it is inevitable that divergence of opinion as to minor questions and differences of view as to the correctness of the disposition of deal issues should be found. The party is concededly united today as to every vital article of faith which can reasonably enter into the pending canvass. Our adversaries are entrenched, in full possession of every department of the government and it is a mistaken policy that would drive away voters who would help to oust them. The cause cannot be advanced by attacks on others within the party with whom we have had disagreements, but who are now working with us for a common result.

"All men who have attained any degree of promise have their friends and the exercise of ordinary prudence forbids the alienation of allies who are willing and anxious to assist.

"The coming election is not to be determined by the September vote in hopelessly Republican states where local issues and candidates even are grievously handicapped; but the result in Vermont on Tuesday admonishes us and there can be no harm in giving voice to the admonition, that a harmonious co-operation of all and the elimination of personal factional and unimportant differences, involving no surrender of principle are essential to success."

W. J. BRYAN

Strongly Commends Judge Parker's Speech of Acceptance

Lincoln, Neb., Sept. 9.—Bryan in the Commoner, commends Parker's speech of acceptance, saying:

"The language used by Judge Parker in his speech of acceptance was hardly open to misconstruction, but some critics having questioned his meaning, he takes the opportunity of setting the matter at rest and promises to deal with the matter explicitly in his formal letter. The judge stands squarely on the platform and his election will be a great victory for constitutional government. It will restore the country of the greatest republic of recent years and put us in position to ask the world squarely in the face again. Every man who believes in the Declaration of Independence should see in Judge Parker's success a chance to vindicate the principles of popular government."

Will Fight the Mormons.

Salt Lake City, Sept. 9.—The Democratic State convention yesterday nominated James H. Moyley of Salt Lake City, for Governor, Judge O. W. Lowers for Congressman, and adopted a platform which reflects the recent renewal of charges of church interference in Utah politics and the reorganization of an anti-church party by denying the right of any power to dictate political nominations.

STRIKE

At Stockyards is Declared to be Off.

LONG STRUGGLE IS FINALLY ENDED

Unions in Sympathetic Strike are Defeated.

LABOR LOSES PROLONGED FIGHT

President Donnelly Calls the Strike Off and Admits Defeat—Will Return to Work.

Chicago, Sept. 9.—President Donnelly of the butchers' union has officially declared the strike of stockyards employees at an end. He telegraphed the members of the national executive committee asking their consent to an announcement of the end of the struggle, and, having received favorable answers from all, he declared the strike of the members of his organization ended.

The strike of the members of the affiliated unions at the stockyards, who quit work in sympathy with the butchers, will officially be called off at a meeting of the conference board of the allied trades. This was decided on at a meeting of the central body of the allied trades.

Donnelly said his men were defeated, and that in order to save his union from disruption he would order his men to return to work, no matter what course might be taken by other unions. As the other unions had no grievance of their own, but had gone on strike to aid the butchers, there was nothing left for them but to follow the lead of Mr. Donnelly; and they too decided to call off the strike as far as they were concerned.

When the packers were advised that it had been decided to end the strike they announced that they would give places as far as possible to the skilled men, but it was said at the same time that many of these men would be unable to secure their old places, as in many cases the work was being performed in a satisfactory manner by men who had been secured since the commencement of the strike. It is expected that the majority of the unskilled men will be unable to secure their places again. It was the question of a wage scale for this class of men that brought about the strike, the packers refusing to sign an agreement with any class other than skilled workmen.

During the strike approximately 63,000 persons have been involved in the struggle, which is estimated to have cost the men about \$5,000,000 in wages, as against an estimated loss of \$7,500,000 to the packers in loss of business and increased expenses.

Strike to Be Settled.

Zanesville, O., Sept. 9.—Settlement of the coal miners' strike that has existed in the local sub-district for more than five months is now in sight. This was the expression of mine operators and officers of the United Mine Workers of America on Thursday evening. The sub-committee, selected to reach an agreement on a wage scale and differential prices, have practically finished their work. This was accomplished on Thursday.

The newly formed wage scale is expected to reach the joint conference of miners and operators for final adoption on Friday afternoon. If this is accomplished hurried steps will then follow and work will be resumed immediately.

It is stated by both miners and operators that every effort that it has been possible to exert has been resorted to in order to bring about a settlement at this time.

It is conceded that both sides have given and taken much in order to reach the point that has now been attained.

During the past two years there has been rules that have been a hindrance to operators. Others have been disliked by miners. Neither side would grant a change from the agreement. It is for the purpose of striking a normal between these two extremes, the committee has had to work.

Anti-Jewish Riots.

St. Petersburg, Sept. 9.—Persistent reports are in circulation of serious anti-Jewish disturbances in several of the governments of southwest Russia, but up to this hour no particulars are obtainable.

A Vermont hen which has never been able to raise any chicks of her own has mothered the eggs of bantams, geese, ducks and even pigeons. Her latest exploit was to discover and hatch a nest of bald eagles.

CIRCUS

INTEREST OF SELLS BROTHERS' WILL BE SOLD

To the Highest Bidder at the Close of the Present Season, November 19.

Columbus, O., Sept. 9.—Columbus will probably lose the Sells-Forpaugh circus which made its home at Sellsville since it was originally started as a railroad circus in 1872 by Peter Sells and Ephraim Sells.

The big show which has been composed, since 1896, of the original Sells brothers' circus and Adam Forpaugh show, is to be offered to the highest bidder in New York City, at the close of the present season, November 19.

The circus is owned by Peter and Lewis Sells, W. W. Cole and James A. Bailey. At a meeting which was held Monday at Pittsburg by the partners, Lewis Sells explained that it was his wish and also the desire of his brother to sell their interests in the business, either to those present or to outsiders.

His reason for wishing to retire was due almost entirely to the recent illness of Peter Sells, who is still confined at his home.

Mr. Cole said that neither he nor Mr. Bailey cared to acquire more circus property, and in all probability they would not be bidders on the property, and would be willing to have it taken over by some outside companies or individual.

The Sells brothers have interests in Columbus which have required a large portion of their time, even during the circus season and they have been contemplating the move for some time.

The sudden illness of Peter Sells, however, is the principal reason for the decision to sell at the end of the season, as Mr. Sells is said to feel that his health will be further impaired if he continues in the business.

Terrible plagues, those itching, peevish diseases of the skin. Put an end to misery. Doan's Ointment cures. At any drug store.

THE RAILWAYS

Third Vice President G. L. Potter of the Baltimore and Ohio, came here from Columbus on 102 this morning and left on a special train for Wheeling. The party consisted of Third Vice President G. L. Potter, J. H. Maddy, assistant to the third vice president; D. D. Crothers, chief engineer; J. B. Dixon, engineer maintenance of way; Thomas Fitzgerald, general superintendent at Baltimore, and T. J. Foley, general superintendent at Wheeling. The members of the party were on their way east. During the short stop in Newark, Mr. Fitzgerald was given quite an ovation by many of his old Newark friends.

Baltimore and Ohio Conductor Elmer Hutsel, who has been dangerously ill for the past six weeks with inflammation of the bowels, is able to be out, but is quite feeble, and will not be able to return to work for some time.

B. & O. Fireman J. G. Faust, who has been taking a short vacation, has been marked up for service.

Pan Handle No. 29 consisted of three sections Thursday night. The second and third sections were Pullman coaches containing Europeans en route to St. Louis to attend the Fair. Nearly all the American visitors were from the French Republic.

To Increase Force.

Harrisburg, a, Sept. 9.—The Pennsylvania railroad company has notified the foremen of its shops in this city to largely increase their forces immediately. It is expected that all of the men who were laid off in June will be ordered to report for work. The company is now working 10 hours a day with a Saturday half holiday in all of its Harrisburg shops.

Railroad Exhibit.

Another exhibit in the transportation building which illustrates the marvelous progress during the last eleven years will be found in the Pennsylvania railroad exhibit and the Baltimore & Ohio railroad exhibit. In the first there is a locomotive engine resting on counter wheels, corresponding to the track of the railroad, and equipped with a machine that tests the pulling power and speed of the engine, and at the same time estimates the amount of coal consumed per mile to each ton of load, the amount of water consumed and analyzes the gases passing out of the smoke

stack; and all of this information is obtained at the same time, by the same tests. It is indeed marvelous to stand by and see a locomotive engine with the engineer in his cab, his hand on the throttle, the engine under full head of steam, and the fireman shoveling coal into the furnace, and the engine running at the rate of sixty miles an hour and not moving forward on inch.

"It is also equally interesting to see one of these marvelous locomotive engines resting on a turntable, as the visitor does in the Baltimore & Ohio exhibit in active operation and by virtue of its own power revolving itself on the turntable in a circle while at the same time apparently moving forward."

NEW MEN

WHO WERE ELECTED TEACHERS IN HIGH SCHOOLS

Come to Newark Very Highly Recommended—They Succeed Professors Austin and Wise.

Prof. C. M. Bookman, who was elected to succeed Prof. Milton Wise as teacher of general history, rhetoric and algebra, comes to Newark well recommended as a teacher of ability and experience. Prof. Bookman is a graduate of Otterbein and has had several years experience in high school and college work having taught for a year in Otterbein University. comes to Newark from Lancaster.

Prof. N. C. Sanger, elected assistant principal and teacher of science in the Newark high school, is now principal of the St. Mary high school, having only recently been re-elected to that position at an increased salary. Prof. Sanger is a graduate of Ohio Wesleyan at Delaware, and for many years has been engaged in the profession, during which he has held positions as superintendent and principal.

With his family he will arrive in Newark this week, so as to be in readiness for the opening of school on next Monday.

Prof. Louis C. Kline of Lima, arrived in Newark Thursday.

He was recently elected to the position of principal of the business department made vacant by the resignation of Prof. Ottman.

RECORD

BROKEN AT ZANESVILLE RACES THURSDAY AFTERNOON.

George Burns, Newark Pacer, Took Second Money in 2:15 Pace—Newark Entries Today.

George Burns, the fast pacer owned by B. B. Jones, won second money at the Zanesville fair races Thursday, but Lady Miller had to lower the track record to beat the speedy Newark gelding. The latter mare did this in the first heat of the 2:15 pace, negotiating the mile in 2:13 flat, which lowered the track record of 2:14.4, held by "Johnston" for many years.

The summary of this race follows: Lady Miller, s.m., Leiter . . . 1 1 George Burns, b.g., Jones & Huffman . . . 2 2 Charley, s.g., Phillips . . . 3 3 May Patch, c.h.m., Miller . . . 4 4 Dr. S. K. s.g., Murphy . . . 5 4 Ashby Girl, b.m., McCreary . . . 6 6 Time of heats—2:13 flat; 2:13 3-4; 2:15.

Ruby Clay, owned by S. A. Smith of Newark, took second money in the 2:35 trot, winning the second heat in 2:25 1-4.

Today's entries are as follows as far as Newark horses are concerned with the owners:

Drake's Palmetto Wine Positively Cures

Liver Stomach Constipation Kidney and Bladder Troubles

Have you had a FREE Test Bottle of Drake's Palmetto Wine?

WE HAVE been watching for years the grand, curative results obtained by people throughout the world by the use of Drake's Palmetto Wine. From the experience we have had with it we know what it will do for sufferers from catarrh of the mucous membranes, from kidney trouble, stomach disorders, bladder and urinary disease, thin blood, diseases of women, nervous disorders and weaknesses, constipation and many other diseases of the vital organs. But the main point with us is

HOW CAN WE GET YOU TO KNOW WHAT IT WILL DO FOR YOU?

We want to interest you in Drake's Palmetto Wine in an open, honest way because we feel positive that we have a remedy of genuine worth for the cure of certain diseases—but even such sincerity, of course, will not necessarily prove what it will do for you.

We are not trying to conceal anything from you. The title itself tells you what the chief ingredient of Drake's Palmetto Wine is, the essence of the glorious palmetto berry—but that does not prove what it will do for you.

We might produce argument upon argument that would convince you as to the merits of Drake's Palmetto Wine and why it is better than other remedies for the same purpose, arguments that would be logical, sound and honest—but still it would not prove what it will do for you.

We could send you original letters from over 10,000 people singing the praises of Drake's Palmetto Wine—and even that would not prove what it will do for you.

We could present testimonial letters galore showing that well-known residents say they were cured of every symptom and disease that we claim to cure with Drake's Palmetto Wine—and still that would not prove what it will do for you.

Then what will prove it?

WE WILL GIVE A TEST BOTTLE FREE TO ANYONE—THAT WILL PROVE.

Yes, that is the best and most absolute proof—for you to let us give you a trial bottle free of charge. You are sick and looking for a cure. We claim to have the remedy that will cure you. The thing for you to do is to call at the address given below and they will cheerfully hand you a test bottle of Drake's Palmetto Wine, free of charge and include booklets, etc., on the subject, also free.

Drake's Palmetto Wine is not a "drugging process"—it is very pleasant to the taste and one dose a day is all you take, but so curative is this wonderful palmetto medicine that the one dose daily does the work thoroughly—brightens your eyes, clears out the liver, stomach and bowels, strengthens the nerves, purifies and enriches the blood, invigorates the muscles, tones the kidneys, bladder and mucous membranes and makes you once again a rejuvenated man or woman.

Let the free test bottle prove all this to you. Also, take a glance at the appended letters from cured people, just a few.

ALL WE ASK IS THAT YOU CALL FOR A FREE TEST BOTTLE. DO THAT TODAY AND YOU WILL SOON BE CURED.

Constipation and Indigestion—I am now as well as any one 88 years of age could expect to be. Drake's Palmetto Wine cured me of constipation and can eat any wholesome food. E. McFane, Scranton, N. H.

Catarrh and Stomach Trouble—May God bless you for what Drake's Palmetto Wine has done for me. I have suffered for 20 years with catarrh and stomach trouble, tried many medicines, only got relief after using Drake's Palmetto Wine. J. M. Riggie, Marsh, Ia.

Stomach Trouble—I am 84 years old and have had lots of trouble with my stomach. Drake's Palmetto Wine gives me great relief. Mathias Miller, Wausau, O.

Constipation—No one will ever take pills after they take one dose of Drake's Palmetto, am recommending it to my friends. Mrs. A. J. Bowers, Monson, Mass.

Kidney and Bladder Trouble—My kidneys bothered me for seven years, would have to get up five or six times in the night to urinate. I have taken three bottles of Drake's Palmetto Wine, and have no backache and do not have to get up in the night. May God bless you and your medicine. G. Amner, 1011 West St., So. Columbus, O.

Kidney and Bladder Trouble—I was a great sufferer with kidney and bladder trouble, sometimes confined to bed for three or four weeks. After taking Drake's Palmetto Wine am able to do the work for a family of six. Think that is pretty good for a woman of 60 years. Mrs. E. D. Huff, P. O. Box 44, Zear Station, O.

Bladder Trouble—I had been troubled with inflammation of bladder, but by the use of one bottle of Drake's Palmetto Wine was completely cured. Miss E. A. Hoxworth, 1800 Arch St., Philadelphia, Pa.

Bright's Disease—Drake's Palmetto Wine cured me of Bright's disease. I have bought and given away four bottles to my neighbors. Wm. D. Sweet, Plessis, N. Y.

Bladder Trouble—I had a friend who could not hold her urine, gave her one of your trial bottles of Drake's Palmetto Wine, afterwards she bought a five bottle and glad to say she is cured. Miss Grace McMahon, Westfield, Mass.

Gravel of the Bladder—Four different physicians told me I must have an operation. I had gravel of the bladder, but got so weak could not. Had our druggist send for a bottle of Drake's Palmetto Wine. I got immediate relief, and three bottles made a well man of me. May God bless you and I hope you may prosper. E. C. Atherton, Durand, Mich.

Constipation—Was cured of constipation by Drake's Palmetto Wine. Mrs. L. C. Kerr, R.F.D. No. 1, Harpersburg, O.

Constipation—After using one bottle of Drake's Palmetto Wine I have no more trouble with constipation. Harvey E. Beauman, Catonsville, Ind.

Stomach Trouble—All the doctors in Pittsfield and Newbury could not help my stomach. After taking one bottle of Drake's Palmetto Wine can eat anything and it does not hurt me. Abbie L. Balford, Detroit, Me.

Indigestion and Constipation—I have suffered with indigestion and constipation, causing severe sick headaches, since the war 1865. Since taking Drake's Palmetto Wine, can eat anything I crave without hurting me. Bowel move regular and have not had headache since. Wm. Knapp, Bronson, Mich.

Stomach Trouble—I can truthfully say that Drake's Palmetto Wine has restored me to good health. It is the first medicine ever gave my stomach and bowels relief. Ellen Null, Alandon, Mich.

Inflamed Bladder—I received great benefit from taking Drake's Palmetto Wine. My sister-in-law had inflammation of the bladder, got her to take your wine and it has cured her. She gives your medicine to everyone. Mrs. C. W. Jarvis, Ypsilanti, Mich.

Stomach Trouble—I am 80 years old and have suffered a long time with pressure of gas on the stomach. Am now on my second bottle of Drake's Palmetto Wine and am now better than I have been in years. E. S. Wetherbee, Lexington, Mass.

Inflammation of Mucus Membranes and Prostate—My husband is an old veteran and 60 years old. Doctor told him that inflammation of the mucus lining had become chronic, the prostate gland was so bad could not urinate; after taking Drake's Palmetto Wine he is better than he ever hoped to be. It has also helped me of liver trouble, and built my whole system up. It is worth its weight in gold. Mrs. N. J. Knight, New Bedford, Mass.

Kidney and Bladder Trouble—Have had no backaches and can rest well since taking Drake's Palmetto Wine. John W. Carthage, 18 W. 2d St., Bayonne, N. J.

Constipation—One bottle of Drake's Palmetto Wine has cured both my boy and myself of constipation. Mrs. A. J. Adams, Rosalia, Wash.

Stomach Trouble—Have had no stomach trouble since I have taken Drake's Palmetto Wine. Mrs. E. J. Rossini, Celina, O.

Heals Mucus Membranes—Drake's Palmetto Wine certainly heals the mucus membranes. E. S. German, 218 1/2 Chesnut St., Harrisburg, Pa.

Stomach Trouble—Drake's Palmetto Wine is O. K. It has helped my stomach more than anything I have ever taken. Mrs. Samuel Berger, Box 296, Miamisburg, O.

DRAKE'S PALMETTO WINE is the only proprietary medicine that is prescribed by the best ethical physicians. Drake's Palmetto Wine is used more than any other proprietary medicines by newspaper men and their families, who, on account of their profession, know when an article has merit.

Do not miss this opportunity of getting a FREE test bottle of **DRAKE'S PALMETTO WINE**. All you have to do is to call at the address given below. We ask not a cent one way or another, and you will be under no obligations to us whatsoever. On the contrary, it is a mutual favor—a favor to us in giving Drake's Palmetto Wine a chance to show its merits, a favor to you in allowing Drake's Palmetto Wine to prove to your own satisfaction from actual trial that you have at last found the remedy that will cure you.

In this way we have given away in the last six months

OVER 1,000,000 FREE TEST BOTTLES

and the results have been very gratifying indeed. We would prefer to have every person make a free test before buying it in the regular way at a drug store. The price is 15 cents for the usual \$1 size bottle, and as it is a concentrated, non-alcoholic remedy, excellent results are produced with the one bottle alone, as the above letters amply prove. Call at the following address today for free test bottle.

COULD BE MADE A PAYING INSTITUTION

If Proper Management Was Given, Is the Idea of Father B. M. O'Boylan.

Editor Advocate:—I would like through the columns of the Advocate to make a suggestion relative to the Homestead Building Association of this city. As is generally known, the affairs of the association are in the hands of a receiver, and it may be a long time before they are satisfactorily adjusted. It seems to me that if the association was reorganized with good, reliable men at the head of it, that it could be made one of the best paying institutions of the kind in Central Ohio. The loans are excellent and the institution is paying at least \$10,000 per year. As it is now, the profits are all consumed by the receiver, expert examiner, and other expenses. I feel confident that with proper management every depositor in the association would be paid in full and a handsome dividend declared, whereas if something is not done, the depositors would be losers to a great extent. As many of the depositors are poor people and can ill afford to lose their little savings, steps toward this end should be taken at once.

B. M. O'BOYLAN.

French and English to Confer.

Paris, Sept. 9.—It was rumored that Lord Lansdowne, British foreign secretary, proposed to visit France for the purpose of conferring with Foreign Minister Delcasse concerning Morocco and the Japanese-Russian situation. The foreign office, however, is not aware that any such visit is contemplated. M. Delcasse is away on his vacation, but will return to Paris Monday. The officials believe that a meeting between Lord Lansdowne and M. Delcasse is not likely to take place, as Paul Cambon, French ambassador in London, is sufficiently able to carry on any exchanges.

For Manchurian Army.

Omsk, Russia, Sept. 9.—A factory to cost \$250,000 is in course of construction in the Kokchetav district for the purpose of canning mutton and manufacturing its own cans. The factory has received an order for 200,000 pounds (a pound is 36 pounds) of tinned meat for quick delivery for use of the Manchurian army. The promoters of the factory are backed by British capital.

Merging Powder Mills.

Chattanooga, Tenn., Sept. 9.—By a deal involving more than a million dollars the Dupont Powder company of Wilmington, Del., has become possessed of the property of the Chattanooga Powder company, whose offices are in this city and whose mills are at Ooltewah. The mills of the Chattanooga Powder company are the largest of their kind in the south.

Passenger Train Wrecked.

Charlotte, N. C., Sept. 9.—Passenger train No. 41 on the Seaboard Air Line is reported as going through a trestle at Catawba river, South Carolina, early this morning. Six coaches went down. No particulars yet. Extra train with doctors going from Monroe.

The Great Ohio Bird Book is done at last. Read all about it and to get it. See page 1 double column matter. Send for the 320 Ohio Birds.

Tired, Tired Tired. That one word tells the whole story. No rest. No comfort. All tired out. Fortunately, physicians know about Ayer's Sarsaparilla. They prescribe it for exhaustion, anemia. J. C. Ayer & Co., Lowell, Mass.

Arouse Enthusiasm.

Dolton, England, Sept. 9.—Reuben A. Torrey and C. M. Alexander, the American evangelists, who began a mission here Sunday last, are arousing tremendous enthusiasm, and the drill hall in which the services are being held is filled each night with about 6,000 persons. A feature of the meetings is the wonderful singing of Mr. Alexander, as a result of which the audiences are much affected.

Track and Bridges Destroyed.

El Paso, Tex., Sept. 9.—Increasing rain since Saturday last has destroyed the big iron bridge on the Mexican Central railroad near Ortiz, N. M., a bridge on the Texas and Pacific east of El Paso, and has washed out long stretches of track on the Galveston, Harrisburg and San Antonio and on the Chicago, Rock Island and Pacific railroads.

ROOSEVELT'S FAULTS
Attempts of His Admiring Apologists
to Lay the Blame on His Private Secretary.

Some of the Roosevelt admirers are excusing his notorious faults by laying the blame on Mr. Loeb, who has been his secretary since he became Governor of New York. This has induced a Washington correspondent to enumerate and specify the blame that should be placed on Loeb to screen the faults of Roosevelt, for which the American people are justly criticising him.

It was Loeb who induced him to charge up San Juan Hill and shoot a craven and fleeing Spaniard in the back.

It was Loeb who impelled him to make a khaki campaign for the governorship of New York.

It was Loeb who prompted him to instruct Admiral Dewey in naval matters, to insult Admiral Schley, to retire General Miles after a lifetime of military service without a word of thanks, and to flood the country with photographs of Theodore Roosevelt in his Rough Rider uniform; photographs of Theodore Roosevelt in fringed buckskin, rifle in hand, with his moccasined foot on a dead bear; photographs of Theodore Roosevelt, cowboy, on his pony, with pistols and lariat all complete.

It was Loeb who hypnotized him into delivering anti-trust speeches which eventuated in no useful action, but had the distressing effect of delaying trust checks from the campaign fund.

It was Loeb who incited him to those early addresses favoring tariff reform, which, in humbleness of spirit, he has since recanted.

It was Loeb who gave him the "Big Stick" which he shook at the Spanish-American republics and in the face of the rest of the world, leaving the United States not a single friend south of the Rio Grande.

It was Loeb who put him up to the

ANNOUNCEMENTS

Of Candidates For Nomination For Newark City and Township at the Coming Democratic Convention

The following gentlemen whose names appear in this column under this heading, announce themselves as candidates for the offices designated respectively, subject to the decision of the Democracy of Newark city and township at their coming caucuses and convention:

Councilman First Ward,
GEORGE H. FROMHOLTZ.
Councilman Third Ward,
J. R. MOSER.

Township Trustee,
J. R. ANDERSON.

Assessor Second Ward,
HENRY BONER.

absurdity of uttering hundreds of orations on purity in politics and high-minded honesty in office, and at the same time to do business right along with quays and Addicks and Platt, or any other boss with a machine.

It was Loeb who had the limitless effrontery to supply him the phrase, "Words are good when backed by deeds, and only so."

It was Loeb who caused him to whoop about having all the departments "as clean as a hound's tooth," and then to bring the investigation of the postoffice to a lame and impotent conclusion.

It was Loeb who induced him to steal Panama from Colombia, when a better route for the interoceanic canal could have been honestly obtained.

It was Loeb who instigated him to undermine discipline in the army by jumping Dr. Wood into a major-generalship over the heads of hundreds of educated officers whose lives had been spent in the service.

It was Loeb who injected into his brain the fancy to have the navy down to Oyster Bay for the amusement of the children, but at great cost to the taxpayer.

It was Loeb who, night and day, whispered into his ear the notion that it would charm the American people to have their president model himself on Germany's imperial war lord.

It was Loeb who counselled him to substitute executive orders for laws of Congress.

It was Loeb who advised him to accept free special trains from favor-seeking railroad corporations, and to refuse an American flag from a Boston girl on the ground that it would be unbecoming in the President to accept gifts.

It was Loeb who filled him with an arrogance which did not stop short of lecturing venerable Senators as if they were ignorant and naughty schoolboys.

It was Loeb who inspired him to lecture and blame and praise and exhort, as if all wisdom and virtue were concentrated in one person, until the country grew tired, very tired, of strenuousness and egotism and swagger, and longed for a rest from Theodore Roosevelt.

DEMOCRATIC EDITORS

Meet and Elect Officers of the Association—Plan For Vigorous Campaign This Year.

Columbus, O., Sept. 9.—At a meeting of the Democratic Editorial Association, held here yesterday, plans were mapped out for a lively newspaper campaign this fall. President J. H. Newton, of the Newark Advocate, presided at the meeting.

The publicity campaign undertaken last year was discussed, and, while the Editorial Association did not get the help from the State committee that it was entitled to, the work was pronounced a complete success. More than 100 Democratic papers were regularly served with timely political matter last year.

Secretary Nichols, of the Democratic State Executive committee, attended the meeting. Mr. Nichols is a Wapakoneta newspaper man, and he knows what the editorial association can do in the publicity line. Accordingly, he proposed that this year the state committee would work in perfect harmony with the editorial association, and the announcement was accorded applause.

The election of officers resulted in the selection of President, J. H. Newton, of the Newark Advocate; secretary-treasurer, N. Arnold, of the Marion Mirror. It has been largely due to the efforts of President Newton and Secretary Arnold that the association has materially helped in campaigns of

the recent past. Secretary Arnold, is particularly enthusiastic over the outlook this fall, and he will devote no small part of his time to furthering the interests of the association.

Among those who spoke at the meeting on essentially practical lines was Mr. Barton of the Holmes County Farmer.

The Executive Committee consists of W. G. Beebe, of the Mt. Gilead Register; James W. Faulkner, of the Enquirer; L. G. Banton, of the Holmes County Farmer; James I. Gorman, of the Ironton Irontonian, and O. B. Selfridge, of the Lima Times-Democrat. President Newton and Secretary Arnold are ex-officio members of the committee.

The association will meet again September 22, at 1 o'clock, in this city, at the Hartman Hotel, and an especial invitation is extended to ever Democratic editor in the state to be present. Prior to the meeting of the association a meeting of the executive committee will be held and plans for the campaign will be discussed and then passed up to the association.

Congressman Badger, Democratic candidate for re-election, was invited to address the editors, and he gave them an interesting talk.

NOTICE

To Democratic Voters of Newark City and Township.

Pursuant to action taken by the Democratic Central Committee of the city of Newark and Newark township, Licking county, Ohio, the Democrats in said township and in the several wards in said city are hereby notified that they are to meet in caucus or mass convention at the hour and in the places hereinafter stated on the 10th day of September, 1904, and elect three delegates to the city convention for each one hundred votes, and fraction of fifty or more cast for Tom L. DEMOCRATS

OF LICKING COUNTY PLEASE TAKE NOTICE.

Statement Issued By Chairman and Secretary of the County Executive Committee.

To the Democrats of Licking County:
We have sent to all township and district committeemen a letter urging them to call a primary election or caucus on or before September 17 for the purpose of putting in nomination candidates for all township, school and village offices for which election would have been held last spring had the law not been amended by the legislature.

In Bowling Green township, north and south precincts of Union township, Licking township, Hopewell township and Hebron village corporation, there have been held primary elections or caucuses and nominations have been made and certified to the county board of elections, which, under the law, must stand as the nominations for the coming general election.

But these townships and corporations will take notice that an additional primary election or caucus must be held by them for the purpose of placing in nomination five candidates for members of school boards, two for three years and three for four years, as provided by the new school code. All other townships, villages and special school districts must make the same nominations, as all present school boards cease to exist upon the election and organization of this new board. By reason of the fact that our school code has been entirely changed by the legislature, although the Hebron special school district has made its nomination and certified to the same it will be necessary as the law now stands for this district to hold a second primary election or caucus, and put in nomination five candidates for members of school board as afore mentioned. If any township or other district has made its nominations and has failed to certify the same to the county board of elections, such certificate must be made at once and a primary election or caucus in such district called for the purpose of putting in nomination the candidates for members of the school board as above stated and for that purpose only.

B. F. McDONALD, Chairman.
FRANK A. BOLTON, Secretary.

This Testimony
Will surely interest many readers of this paper.

James G. Gray Gibson, Mo., writes about Drake's Palmetto Wine as follows: "Five in the Missouri Swamps in Dunklin County and have been sick with Malaria fever and for fifteen months a walking skeleton. One bottle of Drake's Palmetto Wine has done me more good than all the medicine I have taken in that fifteen months. I am buying two more bottles to stay cured. Drake's Palmetto Wine is the best medicine and tonic for Malaria, Kidney and Liver ailments I ever used or heard of. I feel well now after using one bottle."

A. A. Peeling, Knoxville, Tenn., writes: "I had a bad case of sour Stomach and indigestion. I could eat so little that I was 'falling to bones' and could not sleep nor attend to my business. I used the trial bottle and two large seventy-five cent bottles and can truthfully say I am entirely cured. I have advised many to write for a free trial bottle."

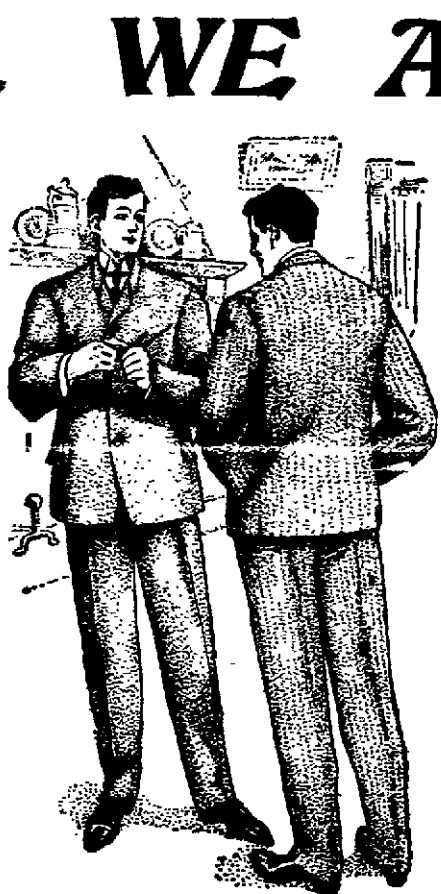

J. W. Moore, Monticello, Minn., makes the following statement about himself and a neighbor. He says: "Four bottles of Drake's Palmetto Wine has cured me of catarrh of Bladder and kidney trouble. I suffered ten years and spent hundreds of dollars with best doctors and specialists without benefit. Drake's Palmetto Wine has made me a well man. A young woman here was given up to die by a Minneapolis specialist and he and our local doctor said they could do no more for her. She has been taking Drake's Palmetto Wine one week and is rapidly recovering."

The Drake's Formula Company, Drake Bldg., Chicago, Ill., will send a trial bottle of Drake's Palmetto Wine free and prepaid to any reader of this paper. A letter or postal card is your only expense to get this free bottle. Sold at Hall's drugstore, Newark, O.

ITEMS OF INTEREST FROM THE COLLEGE TOWN.

Meeting of Women's Centennial Association—A Dollar Social—Society Event—Personals.

Granville, O., Sept. 5.—A meeting of the Women's Centennial association will be held in the Presbyterian church parlors on Monday evening, September 12 at 7:00 o'clock. Besides the reports of the various committees addresses will be made by Mrs. Zella A. Dixon and Dr. F. W. Sheppardson.

Mrs. J. Evans has been visiting in Zanesville for some days, the guest of Mrs. Henry Schiedt.

Miss Abbott and Miss Layette, who have been the charming guests of Miss Ray Gilpatrick for some days, left Monday.

Miss Helen Baldwin, who has been spending the summer with her parents in Granville, has returned to her duties at the township high school, Joliet, Ill.

Miss Martha Roberts, who attended the burial of her grandmother at McConnellsville, has returned home, and will leave soon for Broadus Institute, where she is instructor in music.

Miss Moore has returned from Columbus, where she has been visiting friends.

Miss Carrie Howlans was in Zanesville this week.

Miss Agnes Brown of Columbus, after a short visit with friends here, has returned home.

Thomas Faust of Xenia, was in the village on Thursday shaking hands with old friends.

Miss Harriet Barker has returned to resume her duties as dean of Sheppardson College.

Charles Chapman has returned for the school year of Denison, which begins on Thursday.

D. E. Thompson, formerly superintendent of the Granville Electric Light and Power plant, has returned to Granville, and is now suffering with a severe attack of typhoid fever.

Austin Follett, son of William Follett of Boston, Mass., who has been visiting at the home of Dr. A. K. Follett for some days has gone to Johnson's Island, being accompanied by Miss Clara Follett.

Mrs. Minnie Kerr has gone for a short trip on the lakes. During her absence she will visit Cleveland, Put-in-Bay and Detroit.

Mrs. Thomas Morris and son, who have been visiting at the home of Mr. and Mrs. J. C. Malone for the past seven weeks, have returned home, after having had a very pleasant visit.

Hon. D. E. Williams and son of Columbus, were in town on Wednesday. Mr. D. E. Williams is a graduate of old Denison, and in planning to have his son follow in his footsteps.

B. I. Jones of this place, has been honored with the appointment by Governor Herrick, as one of the delegates to the Farmers' National Congress, which is to be held at St. Louis, September 26-30.

Great arrangements are being made by the ladies of the Presbyterian church for their dollar social, which will be given on Wednesday evening, September 14. A 10 cent admission will be charged those who do not give a dollar. Ice cream and cake will be served free.

One of the most enjoyable social parties given at the residence of Mrs. John Robinson, West Broadway, on Tuesday afternoon. The hostesses were Mrs. Robinson, Mrs. Devinney and Miss Sheldon, and the invitation list included about 150 ladies. The day was perfect, the grounds beautiful, the supper delicious. Mrs. Hubert Robinson was the guest of honor, and her introduction to Granville society was accomplished under most favorable auspices.

A councilman's life is not a happy one in these days of social agitation, as is suggested by an anonymous note received by one of them, reading: "Mr. Baker, Sir—I overheard a person say I was a friend of the mayor. He would not give very much for your house and land over on your farm. I thought, as a friend, I would let you know."—Granville Times.

A Zeckalung was given by the Woman's Baptist Mission in the parlors of the Baptist church, this afternoon, at 2:30 o'clock, followed by a farewell reception, to Mrs. Ashmore, who sailed for China the last of the month. The Woman's Missionary societies of the Presbyterian and Methodist churches were present.

OHIO BIRDS

Dawson's New Book is a Magnificent Work, Filling a Long Felt Want.

It is certainly a source of great pride and gratification to know that such a magnificent work has been produced as Dawson's new book. It fills a long felt need. From title page to finish, it is both a producer of literary skill and typographical beauty. The engravings are first-class and deserve especial mention as 216 are from original Ohio pictures taken expressly for this work while 80 colored plates are of the highest orders. And the birds--well, they are all invited to our Ohio homes.

Mr. and Mrs. Bluebird would like to be invited, Mr. and Mrs. Martin, Mr. and Mrs. Swallow, Mr. and Mrs. Robin and the Robin family, and Mr. and Mrs. Bobolink with their son and daughter. And then there's Master Crow and Sir Hawk, and General Mrs. Eagle and their little Eagles. (They are surely worth your acquaintance though close companionship might not be endurable, and the "Sooty coats and speckled teals, ye fisher herons, watching eels, ye duck and drake w' watching wheels," circling the lake, and bittern and all their tribe--oh, there's three hundred and twenty Ohio birds--yes, that's the number--220. Almost one for every day of the year and they're all waiting for an invitation to spend a few days at your home, so that you may become better acquainted with them. Quite likely you'll want them to stay permanently after you see them. Fill out the birds invitation, anyway, and send it on to the birds. They'll do the rest.

The Birds of Ohio, are hereby invited to spend a few days at our home at their own expense, and agree to return to their Ohio home under the weather bureau in Columbus, if not wanted after all are seen.

WILL BE WITHOUT WATER.

Columbus, O Sept 6.--The State Board of Public Works has served notice on the Akron Water company that if the proposition to increase the rental paid to the state is not accepted the water will be turned off from the entire city of Akron on September 15. The water company supplies the city of Akron from the Ohio canal and pays an annual rental of \$1,700.

READY FOR THE OPENING

The Bliss Business College and School of Shorthand Will Open in Newark, Monday, Day and Evening, With Nearly Every Seat Taken.

THOSE WHO CAN CONVENIENTLY DO SO, ARE REQUESTED TO CALL AT THE COLLEGE OFFICE, SATURDAY, DAY OR EVENING, TO COMPLETE ARRANGEMENTS.

The past week has been a busy one at the Bliss Business College and School of Shorthand, which will open in this city next Monday for its regular day and evening work.

At this writing, over ninety prospective students have called at the office to make inquiries in regard to the course of study, rates of tuition, etc.

The College will open with nearly every seat taken at the opening. In order to avoid the rush Monday morning and evening, the management requests all who can conveniently do so, to call Saturday, day or evening, to complete arrangements for entering.

The Bliss College of Columbus, O., is too well and favorably known in this vicinity to need any formal introduction, hence all we wish to say in connection with this school is, that the Bliss College of Newark will be modeled upon and conducted in as thorough a manner as the Bliss College of Columbus.

The new Bliss School of Newark, Ohio, will occupy the entire second floor of the building known as Wilson's Hall, on South Fourth street. (See electric sign). Following is a synopsis of the course of study:

Actual Business From Start to Finish.

The "Bliss System of Actual Business From Start," of which F. H. Bliss is the author, will be used, so that students will truly "learn by doing."

Those who enter the Commercial Department will begin buying and selling and actually performing all kinds of business transactions from the first until the last day of the course. Students in this department will enter into and draw up all kinds of commercial paper used by business men.

Book-Keeping.

As will be seen from the above, students will be taught bookkeeping by "Actual Business From Start to Finish." It has been proven by careful experiment that students learn as much bookkeeping by this system in six months as can be learned by the old theory method in twelve.

Commercial Arithmetic.

Sadler's Commercial Arithmetic will be used as a text book in this department. The instruction will differ widely from that afforded by ordinary schools, both in method of teaching and matter taught. Prominence

will be given to those points which are of great interest to business men.

Practical Penmanship.

This college will have as its Teacher of Penmanship one of the best penmen to be obtained. Every student will receive a one hour's daily drill in penmanship under his instruction.

Commercial Law.

This branch will be taught by a lawyer in regular practice, and will include the following subjects: Contracts, Agency, Corporations, Liens, Insurance, Negotiable Paper, Partnership Interest, Usury, Bailment and Real Estate.

Commercial Paper.

Students will actually become party to, and draw up Checks, Promissory Notes, Drafts, Bills of Sale, Deeds, Mortgages, and every kind of Commercial Paper used by business men.

Rapid Calculations.

Students will be thoroughly drilled in rapid calculations of all kinds. The knowledge obtained by this drill will save him many hours of laborious figuring in the future.

Spelling.

The text book used contains 3000 everyday words, such as are used in ordinary business correspondence.

Business Letter Writing.

Great stress will be given to letter writing in this college, as it is well known that as a rule young people are deficient in this branch.

Shorthand and Typewriting Dept.

This college will use the Dement text book in teaching shorthand. It is a combination of the Graham and Bern Pitman systems, presented in a strictly modern way. The style of teaching is neither as short as the for-

mer, nor as long as the latter; a practical reporting medium, edited by Ias S. Dement, finest writer in the world.

This system is easily mastered and gives better results to the reporter than any other system published.

Typewriting.

The typewriting department of this institution has a room furnished with the newest and latest models of Remington, Underwood and other standard machines.

Evening Session.

The evening session will be held three nights each week. Those employed during the day can receive the same advantages in this session as in the day school.

Discount at Opening.

All who enter the college at the opening, Monday, September 12, will receive a discount of 10 per cent on a one year's scholarship in either department, the combined course, or Night School.

POLITICAL NOTES.

Parties Hold Conventions to Nominate State Tickets.

Hartford, Conn., Sept. 9.--The campaign on the part of the Republicans was opened at the auditorium by a rally at which Charles W. Fairbanks, the Republican vice presidential nominee, was the chief speaker. He was enthusiastically received by an audience that exceeded the seating capacity of the hall, and throughout was given close attention. Former Governor Morgan G. Bulkeley presided, and made a short welcoming speech. Job E. Hedges, ex-assistant district attorney of New York, also addressed the meeting.

Democratic Editors Return.

New York, Sept. 9.--The Democratic editors returned from Europe, and all expressed themselves as much pleased with their trip. On the return trip they adopted a resolution thanking the national committee for affording them the opportunity of meeting the presidential candidate. They presented to Josephus Daniels, a loving cup as an appreciation of his management of the entire affair.

Populists Meet.

Nashville, Tenn., Sept. 9.--Populists of Tennessee met in state convention here. Presidential electors were chosen and a platform adopted. The platform of the national convention at Springfield, Ill., July 4, is indorsed as "embodying the fundamental ideas of Jefferson's political creed." Thomas E. Watson, the People's party nominee for president, addressed a crowd of about 1,000.

Utah Democrats.

Salt Lake City, Sept. 9.--The Democratic state convention nominated James H. Moyle of Salt Lake City for governor, Judge Q. W. Powers for

DREAD OF HUMANITY

I am compelled by a sense of gratitude to tell you the great good your remedy has done me in a case of Contagious Blood Poison. Among other symptoms I was severely afflicted with Rheumatism, and got almost past going. The disease got a firm hold upon my system; my blood was thoroughly poisoned with the virus. I lost in weight, was run down, had sore throat, eruptions, spotsches and other evidences of the disease. I was truly in a bad shape when I began the use of S. S. S., but the persistent use of it brought me out of my trouble safe and sound, and I have the courage to publicly testify to the virtues of your great blood remedy, S. S. S., and to recommend it to all blood-poison sufferers, sincerely believing if it is taken according to directions, and given a fair trial, it will thoroughly eliminate every particle of the virus. JAMES CURRAN.

Stark Hotel, Greensburg, Pa.

Painful swellings in the groins, red eruptions upon the skin, sores in the mouth, and loss of hair and eyebrows, are some of the symptoms of this vile disease. S. S. S. is an antidote for the awful virus that attacks and destroys even the bones. S. S. S. contains no Mercury, Potash or other mineral ingredient. We offer \$1,000 for proof that it is not absolutely vegetable. Home treatment book giving the symptoms and other interesting and valuable information about this disease, mailed free. Our physicians advise free those who write us.

\$500 IN PREMIUMS \$500

TO BE DISTRIBUTED AMONG ADVOCATE SUBSCRIBERS EARLY IN NOVEMBER.

What will be the total vote cast for President in Newark and Licking County by all parties combined, on Tuesday, November 8, 1904.

This is a question we are all interested in, and to make it more interesting and to give The Advocate readers something to figure for The Advocate Printing Company has set aside \$500 to be paid in cash, in five premiums and paid-up subscriptions to The Daily Advocate to be distributed among Daily and Semi-Weekly subscribers of The Advocate, who come nearest estimating the total number of ballots cast in Licking County at the Presidential election to be held November 8, 1904.

The conditions of this contest are as follows: Open to both old and new subscribers.

THE DAILY ADVOCATE.

For every 50 cents paid in advance on THE DAILY ADVOCATE, the subscriber will receive the Daily five weeks and be entitled to one guess. Or if ten weeks are paid in advance at 10 cents per week, the subscriber will be entitled to two guesses and the Daily ten weeks, and so on, one guess given for every 50 cents paid in advance.

THE SEMI-WEEKLY ADVOCATE.

Every subscriber, new or old, will be entitled to one guess for every 50 cents paid in advance. If one year is paid in advance, the subscriber is entitled to two guesses and so on, a guess being given for every 50 cents paid in advance.

No guesses allowed on subscription paid in advance before this offer was made.

The \$500 in Cash and Premiums will be Distributed as Follows:

PREMIUMS.

One hundred and thirty-nine premiums for Advocate subscribers given absolutely free by the Advocate Printing Company.

Before being entitled to a guess, all back subscriptions must be paid.

Here is the Total Vote Cast for President in Licking County Since 1884.

1884	10,702
1888	11,333
1892	11,134
1896	12,381
1900	12,786

Since 1900 the following vote has been cast in Licking County at each November election for State officers:

1901	11,174
1902	10,318
1903	11,094

In case of a tie in estimates of two or more persons for any one of the prizes as above enumerated, the amount will be equally divided.

Use the following blank for making your estimates:

DATE	1904.
NAME	
ADDRESS	
My estimate on total vote for President at the coming November election is	

REMEMBER—You can subscribe for The Daily Advocate for as many weeks in advance as you wish and receive a guess for every 50 cents paid, or for The Semi-Weekly Advocate and receive two guesses for every year paid in advance, or one guess on every six months' subscription paid in advance.

If you are not already a subscriber to The Advocate, Newark's most enterprising and up-to-date paper, send in your name and 50 cents for a trial subscription of five weeks, and which will entitle you to one guess. If you are already a subscriber, send the paper to a friend for five weeks and receive one guess.

The award will be made by an impartial committee as soon as possible after the official vote is announced by the Board of Elections.

All estimates must be in The Advocate office before 6 o'clock p. m. on November 8th. All letters containing remittances postmarked before 6 p. m. November 8th, will be received and counted.

Make your estimates at once. Make as many estimates as you desire, the only condition being that each shall be accompanied by five weeks' subscription to The Daily Advocate or six months' subscription to The Semi-Weekly Advocate.

NEWARK RELATIVES

May Make Claim for a Portion of the Big McVicker Estate--They are Represented by Attorney J. Howard Jones Who May Go to Chicago.

An attempt will be made to break the will of Mrs. Harriet McVicker of Chicago by those who do not wish to see the stepson, Horace McVicker, get the bulk of the estate. Mrs. McVicker was a cousin of Mr. H. D. Woodbridge and Mrs. W. L. Prout of this city.

Attorney J. Howard Jones, a son-in-law of Mr. H. D. Woodbridge, may go to Chicago in the now famous will case, for if the will is broken the Newark relatives have just as good a claim to a share in the estate as several of those now contesting it. The only rights Horace McVicker has to any share of the estate came to him by devise, and if the will is broken he will be left entirely out of the distribution.

Friday's Chicago American has the following concerning the attempt to break the will:

"Plans for a legal attempt to break the will of Mrs. Harriet McVicker were laid Friday in the office of Attorney William Hughes, representing Dr. L. C. H. E. Zeigler, at 82 La Salle street.

The lines are now sharply drawn, with Horace McVicker, the chief beneficiary, and his attorney, L. D. Condee, on one side, and on the other are Mrs. Clara B. Game, Miss Minnie E. E. and Dr. Zeigler.

The conference was held behind locked doors, and at its close Dr. Zeigler and Attorney Hughes denied that any such movement was under way.

Any such movement was under way. "We are going to make an attempt to get a fair share of her estate for Mrs. Game and Miss E. E. I represent Mrs. Game and both I and my client are confident that she has not been treated right. In 1901, a will was made, in which she was given three-fourths of the estate. This will gives her only one-fourth. Miss E. E. is ignored entirely in this will. We are not satisfied, and there is no reason for the change.

"We are trying to get what we think we are entitled to—a fair share of the estate. Miss E. E. is represented by Attorney E. Hart and we have joined issues."

"Then you are aligned with Dr. Zeigler, are you not, against Horace McVicker and Attorney Condee?" was asked.

"So they are planning to contest Mrs. McVicker's will, are they?" said Attorney L. D. Condee when he was asked about the matter. "Well, have expected that for some time. From things I have heard I have understood for quite a while that such action would be taken.

"The will, however, cannot be broken; of that I am assured. The only ground upon which they could attack it is that Mrs. McVicker was of unsound mind when she made the will and that could not be proved."

"Dr. Zeigler is also fighting for a share," said Mr. Ferguson.

"Does not this plan for a contest place you all on one side?"

"Well, we are all after a fair share of the estate," replied the attorney; "that's all there is about it."

Dr. Zeigler, who emphatically declares that he has been made the victim of a plot to connect him with the case of Mrs. McVicker, has announced that he will fight to tell everything he knows concerning the case when he is recalled to the witness stand in Judge Cutting's court by Attorney L. D. Condee, representing the heirs.

"I am the victim of a plot," declared Dr. Zeigler. "Attorney Condee asked me if I knew anything of a missing \$69,000. I told him I thought the money was missing only in his imagination. I think so yet."

Cured of Asthma After 35 years of Suffering.

It will be gratifying to Asthmatic readers to learn that an absolute cure has at last been discovered by Dr. Schiffmann. That the remedy is an effective one cannot be doubted after perusal of such testimony as that of C. W. Van Antwerp, Fulton, N. Y., who says: "Your remedy (Schiffmann's Asthma Cure) is the best ever used. I bought a box of your drug and tried it and one box entirely cured me of Asthma, and I have not had it since. I can now go to bed and sleep all night with perfect comfort, which I have not done before for 35 years and I thank you for the relief I now enjoy. I hope that you will publish this letter, that others may learn of its wonderful virtues." Sold by all druggists at 50c and \$1.00. Send 2c stamp to Dr. R. Schiffmann, Box 891, St. Paul, Minn., for a free sample package.

"I think that it will be impossible to prove anything that has been said against me.

"I am not done yet. I will tell everything I know before this case is finished."

The stomach and other internal organs of Mrs. McVicker have reached the city and it is said they will be examined by a local chemist.

The court proceedings in which Dr. Zeigler appeared were before Judge Cutting in the Probate court.

Dr. Zeigler appeared in response to a citation from Judge Cutting on the allegation of Attorney Condee, representing Horace McVicker, the principal heir, that he might explain an alleged shortage of \$69,000 in the estate."

ZEIGLER'S NEWARK CAREER.

Dr. Zeigler, referred to above, was not born in Newark but formerly lived in this city. His parents came to Newark from Baltimore early in the eighties, and lived here for some time. His father was an engineer on the Baltimore and Ohio railway, and was killed in an accident at Shelby. After the death of his father young Zeigler lived for some time with Mr. Charles Boho and his first wife at their home in the East End. They took great interest in the boy as he was very bright and promising, and they wanted to help make a man of him.

Young Zeigler worked for some time in the Everett glass works, this city, and as he was returning home one night had one of his feet cut off while jumping on a freight train to steal a ride.

Mr. Edward Vanatta, the well known B. & O. telegrapher of this city was with him when he had his foot cut off. Soon after this accident he went to New York City, where he was educated by the United Brethren denomination for the ministry in that church. After his graduation he was sent to Bethlehem, Pa., where he occupied the pulpit as minister for a time. From there he went to Chicago, where he had charge of a suburban church for four years, and met with considerable success. During this time Mr. Zeigler studied medicine and graduated from a medical college a full fledged physician. Dr. Zeigler had his physician's office in the McVicker theatre building, Chicago. He was considered an unusually bright boy, and was well liked by all who knew him.

Notice to Teachers.

The teachers of the public schools of Newark will hold a meeting at the high school building Saturday September 10 at 3 o'clock p. m., preparatory to opening of school.

Superintendent.

SCHOOL BOARD

Elects Successors to Professors Austin and Wise Thursday Evening—Changes in Assignments.

An adjourned session of the board of education was held on Thursday night, with Messrs. Beggs, Christian, Haight, Fulton, Keckley and Keller in attendance, with President Keller in the chair.

Superintendent Simpkins nominated U. G. Sanger, principal of the St. Marys school at St. Marys, O., to succeed O. Austin, resigned, as assistant principal, and teacher of science in the high school, and C. M. Brookman of Lancaster, a graduate of Otterbein University, to succeed Mr. Wise, resigned, as assistant in the commercial department.

The nominations were confirmed by the board, and the following changes were made in the assignment of teachers:

Florence Grove, transferred from the second grade, East Main street, to the second grade in the South Fifth street school.

Florence Hull, transferred from the fourth grade in the Central building to the second grade in the East Main street school.

Ada Sims, transferred from the second grade, South Fifth street school, to the fourth grade, Central building.

The commencement of school in the ten-room West End building was postponed until one week from next Monday, the building not being ready for occupancy.

School will begin in the old west building on Monday for the primary grades. See announcement of the superintendent.

Notice to Parents.

Beginners, First, Second, Third and Fourth grades belonging in the Old West school district and new West school district, will hold half day sessions in the old West building, beginning next Monday and continuing until the new West building is completed.

The principal, Miss Carrie Kirby, is now at the old West building holding entrance examinations.

J. D. SIMPKINS,
Superintendent.

New School House.

School will not begin in the new West End building on Maholm street until Sept. 19 on account of the building not being completed.

The Advocate offers 125 premiums, amounting to \$500 for the best estimates on the total vote in Licking county at the coming November election.

OHIO NEWS

Cleveland, O., Sept. 9.—According to well defined reports the Cincinnati, Hamilton and Dayton and the Erie railroads are negotiating for the entrance of the former road into Cleveland over the tracks of the Erie. The probable alliance is said to be in retaliation for the recent alliance of the Big Four, the Hocking Valley and the Michigan Central whereby the Big Four secured entrance to Toledo and Detroit territory, which has been regarded as Cincinnati, Hamilton and Dayton business. The alliance is considered very probable, inasmuch as the Erie road gains entrance to Cincinnati over the tracks of the Cincinnati, Hamilton and Dayton.

Want Taft at Opening.

Chicago, Sept. 9.—Secretary John R. Malloy of the Ohio Republican state committee and Julius Whiting, head of the speakers' bureau, were in Chicago to see the national committee about having Secretary of War Taft assigned to speak at the opening of the Ohio campaign at Warren, Oct. 4. This is in the old Galesburg congressional district, the Nineteenth, and one of the most important of the middle west.

Big Ballot.

Columbus, O., Sept. 9.—The voters of the coming election will have the honor of casting the largest-sized ballot ever used in Ohio since the advent of the Australian system. It measures 18x36 inches, and contains an abundance of ink and paper.

Attempted Suicide.

Cambridge, O., Sept. 9.—Pat Martin attempted to commit suicide by shooting himself in the left breast, and the ball was extracted near the middle of the back on the right side of the backbone. He had become despondent. He may not recover.

Gored by Mad Bull.

Fremont, O., Sept. 9.—David B. Henline, a wealthy farmer and oil man residing west of Fremont, was gored by a mad bull, and the doctors say they can not save his life. The man was frightfully injured internally and externally.

Run Down by Train.

Cambridge, O., Sept. 9.—James Brister, 23, employed as a farmhand near Zanesville, was run down and killed by a Baltimore and Ohio train near Quaker City, while walking on the track.

Woman Killed by Lightning.

A new alloy devised by James Chandler, a chemist of Philadelphia, is being exploited and promises to be found valuable for many purposes. It has the appearance of silver, the strength of steel, lightness of aluminum, is inexpensive to make and has the resonance of bell metal. It is said to be available for tubing, wheel hubs, boilers, armor plate, cooking utensils and musical instruments.

RIVER PIRATES

Notorious Gang Arrested in Parkersburg—Wife of Member Confesses to Marietta Police.

Marietta, O., Sept. 9.—By the confession of Mrs. Nettie Pendley, wife of one of the members, one of the most notorious gang of water pirates operating on the Upper Ohio has been incriminated and captured. The wife's statement to Chief of Police Dye of this city, was to the effect that James Wallacen, Thomas Clark, "Fatty" Taylor and Henry Pendley, her husband, of Parkersburg, were interested in the stealing of rope, chains and a fine skiff from the steamer Commodore Dotson, which is now lying a short distance below the Harmar or West Side landing, and that the theft was committed on Wednesday night, August 23. She further stated that these articles were disposed of by the four men to "Bernie" King on the steamer Frank Taylor, anchoring at that point. The stuff which they stole was valued at something over \$200, but they only received \$15 for it.

The property was found and identified. The parties were arrested in Parkersburg. Nearly all of the parties have on various occasions served time in the county jail here and are well known characters by the local police.

STEEL PLANT

In Which John Tucker Was Interested Will Be Removed to Newcomertown.

Marietta, O., Sept. 9.—The meeting of the creditors of the United States Sheet Steel and Tinplate mill company was held in this city Thursday for the purpose of taking evidence on allowing certain claims and hearing the petition of Trustee D. B. Torpy to sell the property at "public sale." It was decided to have the trustee sell some items of personal property and remove the Newark machinery to Newcomertown and defer the sale of the real estate to some future meeting of the creditors. The appraiser's report was received of all property ordered by the trustee, and is as follows:

Byesville, \$5,555; Newark, \$310; Newcomertown plant \$32,020; Marietta plant, \$80,070. Eighty-two lots at Marietta and 44 lots at Newcomertown appraised at \$71,050. Personal property at Marietta, \$2,102.

Referee Palmer is hearing the case, which may take the rest of the week.

THREE JURORS CURED.

Of Cholera Morbus With One Small Bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Mr. G. W. Fowler, of Hightower, Ala., relates an experience he had while serving on a petit jury in a murder case at Edwardsville, county seat of Cleburne county, Alabama. He said: "While there I ate some fresh meat and some soured meat and it gave me cholera morbus in a very severe form. I was never more sick in my life and sent to the drug store for a certain cholera mixture, but the drug-gist sent me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy instead, saying that he had what I sent for, but that this medicine was so much better he would rather send it to me in the fix I was in. I took one dose of it and was better in five minutes. The second dose cured me entirely. Two fellow jurors were afflicted in the same manner and one twenty-five cent bottle cured the three of us." For sale by all druggists.
